# Project Profile

**Sector:** Waste Management  
**Project:** Pan EP Enforcement Training Course  
**Client:** The Environment Agency  
(Midlands Region)  
**Period:** February - April 1998

The output of this contract was a training manual for the structure and delivery of a course in the enforcement of environmental legislation. It is now being used to supply in-house enforcement training within the Environment Agency. Separate trainers' notes and delegates notes were prepared, comprising:

- Detailed textual information
- Comprehensive overheads to support this text
- Suitable case study material
- Advice on best mode of delivery (chapter by chapter)
- Key issues addressed within each chapter
- Relevance to Environment Agency core competencies

In addition to this contract, LQM have also supplied tailor-made courses on waste management, including specific courses on Special Waste, to regions within the Environment Agency.
